impeccable reputation, high integrity and strong ethics, and should have experience in chairing Commissions. On the whole, the Members of the Commission should have skills and experience commensurate with the purpose, goals and objectives of the Commission.

Expertise

Nominated observers (non-voting) may also be invited to attend meetings on an ad-hoc or regular basis.

The Chair of the Athlete's Commission, in consultation with and upon approval of FIAS Management, may seek assistance from outside experts from time to time.

Working Norms

The Commission will normally operate on the basis of consensus and maintain as informal a manner as is possible or appropriate for the conduct of Commission business.

Consensus will be sought whenever possible. In the event of divergence of opinion or disagreement concerning recommendations, the absolute majority (determined by vote by hand) will rule. In the event of a tie, the Chairperson has the casting vote. There is presently no formal practice concerning a quorum. Whilst the objective is to appoint the best candidate for a Chair vacancy, the Executive Committee will collectively appoint Chairs of all the FIAS Permanent Commissions taking into account a balanced allocation of regional and gender representation.

The Chairperson has the responsibility to determine if a quorum is present. Minutes will record any dissenting opinion on request.

The Chairperson may limit discussion of resurfacing issues by referring to previous recommendations or conclusions of previous discussions.

Conflict of Interest

Commission members will be bound by the Conflict of Interest policy adopted by the FIAS Executive Committee, which is modified from time to time, and in this light, every year will be
